ATHEISTS LIKE TO
CALL THEMSELVES
FREE THINKERS BUT
THEY ARE SLAVES OF
THEIR RELIGION -
SECULAR HUMANISM

Evolutionists say everything in the entire universe is the result of a huge explosion. But they don't know what caused the explosion, or where the material for the explosion came from or how such order and design could come from such an explosive, random event. Yet they want us to believe that evolution is a fact or at least a very trustworthy theory.

www.comingintheclouds.org

You can know that the theory of evolution is make-believe when the only "evidence" for it is artist's sketches in books and wax figures in museums.

www.cominginthecLOUDS.org

Why is it that evolutionists can only explain their theory using vague, simplistic language in their attempts to explain the origin of our incredibly complex and highly ordered universe?

www.cominginthecLOUDS.org

In a world that is jam-packed with symbiotic (highly interdependent) systems, why are we expected to believe that it all happened very gradually by random chance when interdependent systems don't allow that to happen?

www.comingintheclouds.org

Did you ever notice that evolutionists never seem able to give you a detailed explanation of where everything came from and that you can get more details about a story from an author of a comic book than from an evolutionist?

Woe unto those who would mock the God who sent His only begotten Son into the world to die for such ungodly men.

If such persons should die in their sins, it would have been better if they had never been born.

- Frances Schaeffer

www.cominginthecLOUDS.org

Why do so many atheists act as if they are at war with the God they say does not exist? Could it be they know the truth about God and just can't stand the thought of being at His mercy?

EVOLUTION

A silly fairy tale invented by sinful men in their feeble attempt to explain away the enormous amount of evidence in the world and in the universe that irrefutably shouts out the awesome creative handiwork of the living and true God.

**An atheist is one

Lord will do
nothing to disturb
his disbelief.**

- Franklin P. Jones

www.cominginthecLOUDS.org

The atheist can appeal to nothing absolute, nothing objectively true for all people, it is just mere opinion enforced by might. The Christian appeals to a standard outside of himself or herself in which truth and qualitative values can be made sense of. - Peter Huff

EVOLUTION OR INSANITY?

THE BELIEF THERE WAS ONCE ABSOLUTELY NOTHING. AND NOTHING HAPPENED TO THE NOTHING UNTIL THE NOTHING MAGICALLY EXPLODED (FOR NO REASON), CREATING EVERYTHING AND EVERYWHERE. THEN A BUNCH OF THE EXPLODED EVERYTHING MAGICALLY REARRANGED ITSELF (FOR NO REASON WHATSOEVER), INTO SELF-REPLICATING BITS WHICH THEN EVENTUALLY TURNED INTO DINOSAURS.

AND THEY MOCK PEOPLE WHO BELIEVE IN GOD!

cannot bear the
reality of God.

- Tom Stoppard

**If there were no
God, there would
be no atheists.**

- GK Chesterton

www.cominginthecLOUDS.org

God exists whether or not men may choose to believe in Him. The reason why many people do not believe in God is not so much that it is intellectually impossible to believe in God, but because belief in God forces that thoughtful person to face the fact that he is accountable to such a God.

- *Robert A. Laidlaw*

- Dante Gabriel Rossetti

No man will say, "There is no God" 'till he is so hardened in sin that it has become his interest that there should be none to call him to account.

Atheism Can Be Classified As A Religion

"While it is true that there is no definitive atheistic worldview, all atheists share the same fundamental beliefs as core to their personal worldviews. While some want to state that atheism is simply a disbelief in the existence of a god, there really is more to it. Every expression of atheism necessitates at least three additional affirmations:

1. The universe is purely material. It is strictly natural, and there is no such thing as the supernatural (e.g., gods or spiritual forces).
2. The universe is scientific. It is observable, knowable and governed strictly by the laws of physics.
3. The universe is impersonal. It does not have consciousness or a will, nor is it guided by a consciousness or a will."

- Rick Henderson

DEBUNKING RELIGION?

A great many of those who try to 'debunk' religion in general and Christianity in particular have their own views on morals and origins which they falsely think are immune from the debunking process.

www.cominginthecLOUDS.org

ATHEIST WISDOM

I see all this evidence for Intelligent Design everywhere but I simply refuse to believe it because if I believe it I can no longer be an atheist and I **NEED** to be an atheist because that worldview allows me to live any way I wish.

**Atheists and ALL others

not be their Savior...
He will be their Judge.**

*“Every knee shall bow and tongue confess that
Jesus Christ is Lord to the glory of the Father”*

FOSSILS – FAKE EVIDENCE

Why should we believe that fossils are evidence for evolution when all they can tell us is that something died and was preserved in mud that later solidified? They cannot tell us that they ever lived to reproduce, nor lived to bear evolved offspring! And why are there **ZERO** transitional life forms when there should be billions of them?

www.cominginthecLOUDS.org

“FREE” THINKERS OR “ENSLAVED” THINKERS?

Atheists call themselves “Free Thinkers” but their slavish allegiance to their ideology constrains them to ignore any evidence to the contrary.
