

Random Chance Or Intelligent Design?

For those willing to do their homework there is more than enough evidence to deal with evolution's objections and to support a young earth. For example, here is an excellent article on how events around the Mt Saint Helen's volcano eruption put gaping holes in theories about a very old earth being responsible for the Grand Canyon: [CLICK HERE](#)

RECOMMENDED STARTING POINT: Evolution - A Gigantic Fraud

ADDITIONAL CREATIONISM VS. EVOLUTION MATERIALS: Evolution, Atheism And Secular Humanism

Evidence refuting the belief that the Petrified Forest is incredibly old

Creation/Evolution: Does It Matter What We Believe

"DNA is like a software program, only much more complex than anything we've ever devised." - Bill Gates, founder of Microsoft

"To suppose that the eye could have been formed by natural selection, seems I freely confess, absurd in the highest degree." - Charles Darwin

"I could prove God statistically; take the human body alone; the chance that all the functions of the individual would just happen, is a statistical monstrosity." - George Gallup, famous statistician

"Everyone who is seriously interested in the pursuit of science becomes convinced that a spirit is manifest in the laws of the universe—a spirit vastly superior to man, and one in the face of which our modest powers must feel humble." - Albert Einstein
