CORRUPT COVID FACT-CHECKERS

The **COVID-19 Vaccination Project** which purports to be some independent "fact checkers" exposing false claims on the experimental vaccines is actually funded by one of Big Pharma's major companies. It's the Robert Wood Johnson Foundation which holds \$1.9 billion in Johnson & Johnson stock and it's CEO is Richard Besser, the former director of the Centers for Disease Control (CDC) under President Barack Obama. The Fraudulent Dr Fauci - Part II: The Remdesivir Scam

Dear friends, sorry to announce a genocide

We're all in this together. Do your part to protect the world from overpopulation... I mean from dangerous viruses. This experimental gene-altering shot will either kill you or cure you. And if it kills you, you get your money back... Well maybe not, because the money for the shot came from the government. You didn't think they were going to ask YOU for permission to use your tax dollars to pay for your own lethal injection, did you?
