

Why COVID-19 Vaccine Conspiracy Theories Are Justified

Many of the “conspiracy theories” about the vaccines being a lethal population control program are justified, due to many clues we have regarding the extremely suspicious circumstances surrounding the advent of the corona virus and the media’s insanely hyped-up response to this pandemic that does not really meet the criteria of a true pandemic. Rather, it meets the conditions of just about any seasonal flu virus.

**If you can find 7 logical errors,
You are smarter than experts!**

1. The Pfhizer vaccine has only been tested on young or healthy people, so we should give it to the sick and elderly first.
2. The vaccine does not prevent Covid infection or the spread of the virus, but the whole population should take it.
3. The vaccine has been developed with new vaccine technology, technology we know little about, but is completely safe.
4. We do not know the long-term effects, but if everyone takes it, life can return to normal.
5. The vaccine has been associated with several deaths in both healthy and young people, but is completely safe to take.
6. None of the Pfhizer vaccine trials were designed to detect a reduction in any serious outcome such as hospital admissions, intensive care, or deaths but if everyone takes it, life can return to normal.
7. The Covid-19 vaccines were not studied to determine whether they can interrupt transmission of the virus, but we are sure it will stop the spread of the virus.

Here are some things that contribute towards a view that the massive world-wide vaccination program has very sinister objectives (i.e. drastic, rapid global population reduction) behind it... When I use the term “they” in the list below, I am referring to governments and globalist power brokers and their favorite spokesmen, including but not limited to George Soros, Bill Gates, Klaus Schwab, Anthony Fauci, the Rothchilds, the Rockefeller’s and many others looking to create their “New World Order” one world government. They want to vax people who already had COVID and therefore are immune to

it and DON'T NEED a vaccine.

People who have gotten vaccinated still came down with the COVID virus. Vax makers are admitting that the vaccine won't prevent COVID. All they say it will do is lessen the symptoms if you do get the virus... unless of course a new "strain" develops in which case the vaccine is useless and you will therefore, they claim, need another vaccine or a "booster shot".

They want to vax people who are at very low risk, including children.

They want to vax people who are typically urged NOT to get shots (like pregnant women).

The media constantly uses scare tactics to promote the COVID vaccines which would not be necessary if the virus threat was real.

Bodies are not piling up in the streets or in morgues or in funeral homes like they would be in a true "pandemic".

The FDA deliberately did NOT approve KNOWN SAFE cures for COVID like hydroxychloroquine and ivermectin and neither did they - or Big Pharma - bother to do any of their own clinical trials of the safe cures. They just went around chanting "Not FDA approved for COVID! Not FDA approved for COVID!".

The Vaccine companies were given immunity from prosecution, worldwide, for deaths and injuries due to these experimental COVID vaccines.

All the seasonal flu cases got lumped into the covid cases, yet the media claimed the seasonal flu was at a record low, so ridiculously low as to be unreal.

The death statistics were heavily inflated, to the point that anyone who died while having COVID was counted as a COVID death even if they had comorbidities or fell off of a cliff.

The PCR swab tests were rigged to give massively high false positives.

The globalists have TOLD US they want to eliminate us, many times and many ways including on the Georgia Guidestones.

The "pandemic" was rehearsed at "Event 201" in October 2019, hosted by the World Economic Forum and the Bill and Melinda Gates Foundation **before the actual corona virus outbreak in Wuhan China occurred.**

The "Great Reset", Agenda 21, Agenda 30, Global Warming (aka Climate Control) and many other programs have been put in place to justify population control.

The buzzword "Sustainable" is used constantly to brainwash the public into thinking that life on earth is no longer sustainable. But what it really means is that to the globalists, there are too many of us using up resources that they want to hoard for themselves and it also means (to them) that there are too many of us for them to be able to control.

Criminal Globalist Lockdowns

Never in the history of humanity have we quarantined those who are not sick.

There is no “benevolent” reason to have vaccine mandates or to push for everyone to be vaccinated, regardless of their age, regardless of having had COVID already and in spite of existing treatments and cures that are far safer than an experimental vaccine that was never tested for any LONG-TERM side-effects or for dangerous immune system reactions related to future exposure to viruses “in the wild”, which could have life-threatening consequences for those who have been vaccinated. **Testing of previous mRNA vaccines on animals resulted in deaths due to their immune systems over-reacting to viruses encountered later on.**

Life-saving Vaccine Or Depopulation Lethal Injection?

There is every reason to believe that the COVID vaccine program is simply a depopulation program. For one thing, it is not a true vaccine. It is not made like a normal, standard vaccine, using material from a live virus. It is made with spike proteins that can trigger unstoppable catastrophic responses from the human immune system, causing severe illness and death by multiple organ failure and/or multiple types of immune system breakdowns and immune system over-reactions. It allows the perpetrators to claim no responsibility, because the human immune system of various individuals will react in various ways from person to person, giving the vaccine makers the ability to deny that their vaccine was the cause of the masses of people dropping dead. And most vaccinated people will not drop dead right away. They will drop dead at a later date, perhaps months after receiving a COVID vaccination, at a point in time when they acquire a new virus or some other form of stress on their immune system, that will then trigger a catastrophic

reaction by their immune system. This is exactly what happened with animal trials of previous mRNA vaccines. The animals appeared fine right after being vaccinated, but then when they caught a virus “in the wild” (in nature) later on, their immune systems over-reacted creating massive amounts of spike proteins that caused their own immune systems to kill them, by filling up the lungs of these test animals with pus... because the spike-proteins that got triggered by their immune systems would not shut off.

Who Are The Depopulation Czars?

The globalists who run this world, including its banks and the media and the pharmaceutical industry are eugenicists who have openly stated their desire to create a more “sustainable” world... for themselves. They have told us that that is their plan and they have told us over and over, for many years. This plan is alluded to in the Georgia Guidestones, in Agenda 21, in Agenda 2030, in the Great Reset of the World Economic Forum and in various other places.

What If You Have Gotten The COVID Vaccination?

Is there any hope for those who have received this time-release lethal injection they are calling the COVID-19 vaccine? There may be some things that people can take to boost or repair their immune systems that have been damaged by these experimental mRNA injections. Typically, when the immune system loses its ability to regulate itself and it goes “haywire” attacking your own body, doctors prescribe steroids such as Prednisone in an attempt to “suppress” the immune system. While this cannot FIX a damaged immune system, it is a temporary measure that can slow down and possibly halt an immune system that has gotten out of control. Unfortunately, the doses of Prednisone required to control the immune system will eventually lead to organ failure and possibly death, so the “cure” is almost as bad as the disease. A better approach would be to take natural supplements and vitamins that boost the human immune system. Some of these things include Vitamin C, Vitamin D3, Quercetin, fresh red grapefruit, organic raw foods and the total elimination of processed foods for your diet. It is very likely though, that hundreds of millions of people, if not more, are going to die as a result of the long term effects of these COVID vaccines, which apparently is the purpose, and the only logical explanation for the massive push by governments and mass media to coerce everyone on the planet to get injected with an experimental drug, falsely labeled a vaccine, to treat something no more dangerous than the seasonal flu, and for which there are multiple, safe, inexpensive cures such as Hydroxychloroquine and Ivermectin. Drugs and vaccines that are far less dangerous than the COVID vaccine have been taken off the market, yet even with thousands of vaccine deaths and hundreds of thousands of vaccine-related injuries, the powers that be are still doing their best to intimidate and coerce the public to get vaccinated. I will leave you with this vaccine injury chart from the CDC’s own VAERS (Vaccine Adverse Event Reporting System) database, so that you can draw your own conclusion

about a vaccine that the mainstream media continue to promote as “safe and effective”.

The screenshot shows the CDC WONDER website interface. The main heading is "The Vaccine Adverse Event Reporting System (VAERS) Results". Below this, there are navigation tabs for "Request Form", "Results", "Map", "Chart", "Report", and "About". The "Results" tab is active. The page includes a search bar, social media icons, and a "Messages" section with two red alerts: "VAERS data in CDC WONDER are updated every Friday. Hence, results for the same query can change from week to week." and "These results are for 518,020 total events." Below the messages is a table with three columns: "Event Category", "Events Reported", and "Percent (of 518,020)".

Event Category	Events Reported	Percent (of 518,020)
Death	11,917	2.30%
Life Threatening	11,167	2.16%
Permanent Disability	12,791	2.47%
Congenital Anomaly / Birth Defect *	306	0.06%
Hospitalized	40,906	7.90%
Existing Hospitalization Prolonged	495	0.10%
Emergency Room / Office Visit **	56	0.01%
Emergency Room *	65,113	12.57%
Office Visit *	88,961	17.17%
None of the above	341,275	65.88%
Total	572,987	110.61%

Note: Submitting a report to VAERS does not mean that healthcare personnel or the vaccine caused or contributed to the adverse event (possible side effect).
