

How To Tell If An Evolutionist Is Ripe

Evolutionary Scientists or Evangelistic Atheists?

Many self-proclaimed experts on “origins” and evolution, like the man named above, are nothing more than evangelistic atheists who deny all the enormous amounts of evidence for Intelligent Design that can be found in the world around us. In the place of facts, they present grossly oversimplified stories and fraudulent missing links like those in the list below.

Fraudulent Missing Links

Piltdown Man: http://en.wikipedia.org/wiki/Piltdown_man (modern day chimp)

Nebraska Man: http://en.wikipedia.org/wiki/Nebraska_man (just a pig’s tooth)

Peking man: http://en.wikipedia.org/wiki/Peking_man (just an ape)

Rhodesia man: The fraud of Rhodesian Man (no different than modern man)
