

"There is a generation that are pure in their own eyes, and yet is not washed from their filthiness" [Proverbs 30:12]

Dear Customer:

As you can easily see, our store takes pride in its display of sleazy magazines with pornographic covers. We wish to expose you and your children to as much of this kind of garbage as possible while you wait in line to pay for our products. Hopefully you will become so used to this junk that you will think that it is something good to read rather than something that is degrading to women. Also, we are far more interested in profits than in the moral condition of the community you live in, and so you should not expect us to care if our magazines contribute to violence or other kinds of abuse towards women and children. Happy shopping!
